

Measures of Student Learning: NC's Common Exams

Page Lengths for 2012 - 2013

Note: Districts may administer the common exams online or use class sets of printed test books. It is not required to print one common exam for each student. It is a local decision to determine the extent to which common exams will be administered at each grade level. The State requires the administration of common exams only to the extent that each English Language Arts, Mathematics, Science, and Social Studies teacher in grades 4 – 12 has a growth value.

Earth/Environmental Science 22 Pages	Physics 25 Pages
Chemistry 24 Pages	Physical Science 25 Pages
